

# Herbi-Safe™

Neutralise herbicide negatives with this revolutionary natural additive.

## BENEFITS

- Soften the soil-life assault.
- Protect algae – an important food producer for the soil foodweb.
- Ideal pH for glyphosate compatibility.

## PACKAGING:

1 L, 5 L, 20 L  
Product Code: HERBI

**BIO  
MANAGEMENT**

# Herbi-Safe™

## APPLICATION RATES

Dilute herbicide according to manufacturer's specifications. Add Herbi-Safe™ to diluted herbicide at the following rates:

**Broadacre:** 600 mL/ ha

**Horticulture:** 1 L/ha

**Spot-Spraying:** Use equal amounts of Herbi-Safe™ and herbicide concentrate (ensure herbicide is diluted first before adding Herbi-Safe™). **Note:** Herbi-Safe™ has the potential to stain certain surfaces e.g. tiles, pavers. Avoid use around these areas.

## INSTRUCTIONS

**Shake or stir well before use.** This product will separate when standing. Ensure suitable spray conditions (e.g. temperature, humidity, wind-speed), prior to foliar application.

## STORAGE & HANDLING

- Store in a cool dry area out of direct sunlight. This product has been tested to store safely down to 5°C. Crystallisation or sedimentation may occur below 5°C. Do not pre-mix or store in diluted form. Seal lid/cap immediately after use.

## PRODUCT PROPERTIES

SG.....	1.1
pH.....	2.0 – 3.0
Appearance.....	Brown liquid

## IMPORTANT

- **Compatibility and/or performance cannot be guaranteed when combining with other products (including various herbicide formulations). Jar test for compatibility and spray on a small area before widespread application.**
- This product is not recommended to be used with pre-emergent herbicides, as it could possibly reduce the efficacy of these chemicals. Similarly it may not be suitable for use with selective herbicides as it could increase the potential of crop damage with these chemicals.
- This product is not compatible with certain modified glyphosate herbicides. Please consult NTS for further advice before attempting to mix with any such product.

**Disclaimer:** Any recommendations provided by Nutri-Tech Solutions Pty Ltd (NTS) or its Distributors are advice only. As no control can be exercised over storage, handling, mixing, application or use, or weather, plant or soil conditions before, during or after application (all of which may affect the performance of our program), no responsibility for, or liability for any failure in performance, losses, damages, or injuries (consequential or otherwise), arising from such storage, mixing, application, or use will be accepted under any circumstances whatsoever. NTS recommend you contact an Agronomist prior to product application. The Buyer assumes all responsibility for the use of any NTS products.
